

*\*Although Memorial Medical Center–Lufkin was established in 1949, the number of births denotes deliveries from 1965 to March 11, 2010.*

It's not just that 32,736 babies have been born at Memorial Medical Center–Lufkin since 1965, it's all of those parents who depend on and trust our skilled physicians and nurses to help make their delivery exceptional.

At Memorial, we focus on what matters—a safe birth. And that means providing the best care with the best technology.
