INVESTING FOR LIFE

Memorial Health System of East Texas is a non-profit hospital that was founded and funded by a Lufkin group of business entrepreneurs in 1949. Over the years, the hospital system has provided care to millions of East Texas patients, despite their ability to pay for services.

Memorial Health System of East Texas prides itself on offering the most advanced patient care utilizing the latest in medical technology. However, this wouldn't be possible without the generous financial support from businesses and individuals who see the importance of providing the best possible health care close to home.

If you would like to invest in the future of health care in East Texas, please consider contributing to Memorial Health System of East Texas. There are numerous levels of giving. Contributions are left to your discretion and are tax deductible; however, there are special recognition plaques displayed in the hospital for gifts \$500 and above. You also may honor or remember a loved one with a monetary contribution to the hospital.

Memorial Health System of East Texas—founded and funded by the people we serve!
